

AVERRIE COLEMAN

Acole38@emory.edu | Atlanta, Georgia | (425) 516-2050

Public health researcher and data practitioner at the intersection of health policy, equity, and applied data science. Experienced in clinical data coordination, policy analysis, program evaluation, and community-based research across nonprofit, government, and clinical settings. Committed to data-driven, equity-centered approaches to improving population health outcomes.

EDUCATION

Master of Public Health — Health Policy and Management 2024 – Present

Emory University, Rollins School of Public Health · Atlanta, GA

- Certificate in Data Science; Certificate in Science Communication
- Cumulative GPA: 3.34

Bachelor of Science — Public Health 2020 – 2024

Xavier University of Louisiana · New Orleans, LA

- Minor in Political Science

PROFESSIONAL EXPERIENCE

Patient Outcomes Coordinator December 2025 – Present

Iris Breast Cancer Rehabilitation · Sandy Springs, GA

- Track and analyze clinical and program data to monitor patient outcomes, service access, and utilization across underserved and outreach populations
- Prepare monthly and quarterly leadership reports summarizing outcomes, access trends, and program performance; support grant applications with quantified impact data
- Monitor KPIs — including patient visits, functional improvement, and pain reduction — and benchmark outcomes against internal goals and industry standards
- Support data collection for the Atlanta Initiative and Georgia Outreach Initiative; conduct grant research to quantify program reach

Vice President of Wellness and Inclusion May 2025 – Present

Graduate Student Government Association, Emory University · Atlanta, GA

- Lead wellness and inclusion initiatives across multiple campuses serving 7,000+ graduate students
- Collaborate with Student Health Services, Counseling & Psychological Services, and campus partners to design and implement programs

Performance Management System Intern June – November 2025

Georgia Department of Public Health · Atlanta, GA

- Built a department-wide KPI database integrating metrics from the State Health Improvement Plan, Governor's Strategic Plan, and Office of Planning and Budget
- Monitored performance indicators supporting accreditation efforts and enhanced data accessibility across multiple divisions

Fellow August 2024 – June 2025

Partnership for Southern Equity · Atlanta, GA

- Designed and conducted a community health survey assessing barriers to healthcare utilization among Georgia residents
- Analyzed HRSA data in R to report findings and develop resources addressing identified gaps

RAIB Member (Review, Inform, Advise Board) May 2023 – August 2024

Louisiana Department of Health · New Orleans, LA

- Evaluated qualitative data from community focus groups to advocate for equity-centered public health policies

Program Administrator May 2023 – August 2024

Eden Centers (Nonprofit) · New Orleans, LA

- Promoted from intern to manage \$10K+ in donations and coordinate staff and interns
- Provided trauma-informed care for 20+ women survivors of human trafficking
